1.Air Booking Guide

ADX air itineraries are compared against 200+ contracts to build you an intuitive list of options with commissions. This air flow will take you from quoting to multi options to booking to ticketing, all in one platform. Booking ADX Air builds beautifully crafted comparisons and client itineraries as well as records commission automatically for reporting and finance payouts.

- All air itineraries are compared against our 200+ contracts to build you an intuitive list of options with commission
- Search Sabre and Amadeus inventory
- Net fares with mark-up opportunity available
- Air team support is a single click away
- Build side by side comparisons of up to 4 different itineraries
- Automatic invoicing for commission tracking
- Split credit card option when multiple tickets are sold

1.1. Flexible Date Grid

The flexible date grid will show a +/- 3 day date grid of pricing and availability when running a regular search. The departure dates are displayed at the top and return dates on the side. The grid will highlight the time frame originally selected. You can change the flight dates through the grid without having to re-run the search by selecting the new outbound or return dates.
