

# IEAG GROUP - Private Jet Charters

## An Overview

February 20, 2023

# The Discussion

---

**The Innotech-Execaire Aviation Group** looks to fully leverage a long history of operational excellence within the aviation industry as part of IMP Group Ltd., one of Canada's best managed companies, and a leader in aviation solutions and customer service for more than 50 years.

Building on this rich tradition, we would be proud to be able to both develop and extend a unique service level offering to select Navigatr customers in need of tailored flying solutions.

By partnering with IEAG, Navigatr clients would have access to a diverse fleet of business jet aircraft from our fleet and a wide range of operators, each of whom are operationally capable of supporting the mission to exacting service level standards.

An IEAG solution would offer Navigatr customers the opportunity to access the right aircraft and operator for any mission, including a diversified fleet of available business jet aircraft based coast to coast in Canada.
