

Traveling more safely and confidently has never been so easy.

Wherever you go, take our expertise with you.

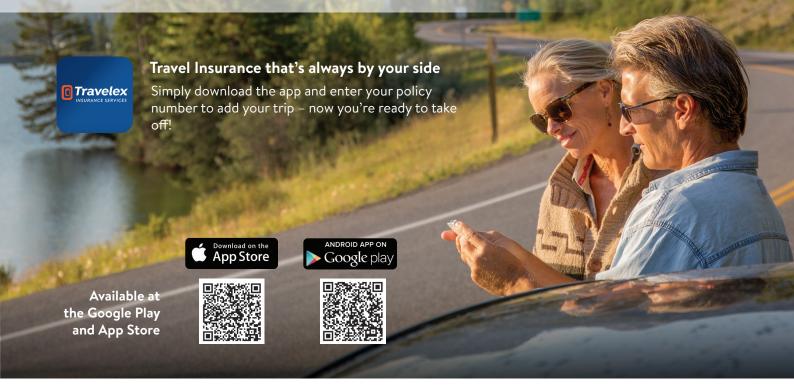

The Travel On App

From the big to the small things – sometimes holidays do not go as planned. The Travel On app uses geolocation technology to provide expert destination advice and more, all in the palm of your hand.

With the Travel On app, you can access:

- Destination risk ratings
- Up-to-date travel advice
- 24/7 emergency assistance
- · Check your coverage anytime, anywhere

Your use of our Travelex Insurance: Travel On app and all content thereon is at all times subject to the End User License Agreement. Please note your mobile device must be compatible with international networks to use certain features overseas, such as calls and assistance support. Message, data, roaming rates and charges may apply to your use of our app and content thereon, and you may be charged by your mobile carrier or other service provider. Our application is not a substitute for medical advice or treatment. All our plans and claims are subject to policy terms, conditions, and exclusions. Travelex Insurance Services, Inc. and World Travel Protection Canada Inc. (WTP) are committed to protecting your privacy. By using our Travelex Travel On app, including any content thereon, you are consenting to the collection and processing of your personal data under as described in the Privacy Policy.
